Amway

Root crops in wellness with Nutriplant™ SG, SD and SL.

From the very beginning, give seeds the important micronutrients they need to grow into strong, healthy crops.

NUTRIPLANT™ SG HAS
80/20
TALC/GRAPHITE

FOR USE IN ALL PLANTING EQUIPMENT,
INCLUDING HIGH-SPEED PLANTERS

Proven Nutriplant™ SG, SD and SL yield results:

SG – CORN

5.6

bu./acre increase

SG – SOYBEANS

2.7

bu./acre increase

SL – CORN

9.6

bu./acre increase

SL – SOYBEANS

1.8

bu./acre increase

Nutriplant™ SG

A powdered, micronutrient supplement designed for application in the planter box. Once seeds germinate, roots will readily absorb nutrients for greater root growth, faster emergence and increased crop yields.

- Now formulated with graphite for high-speed lubrication
- Gets crops up and out of the ground faster
- Produces stronger stems
- Prepares crops to better compete for nutrients, water and sunlight
- Promotes uniform emergence

316220 11.4 kg/25 lb. Bucket**

Nutriplant™ SD

For those applications that don't need graphite for lubrication, this powdered micronutrient seed treatment is a cost efficient way to help seeds germinate faster and stronger.

603479 11.4 kg/25 lb. Bucket**

Nutriplant™ SL

Same quality, different format. A liquid version of Nutriplant™ SD designed to mix with seeds prior to planting to meet your equipment needs.

705379 11.4 L/2.5 gallon Container**

**See page 5.

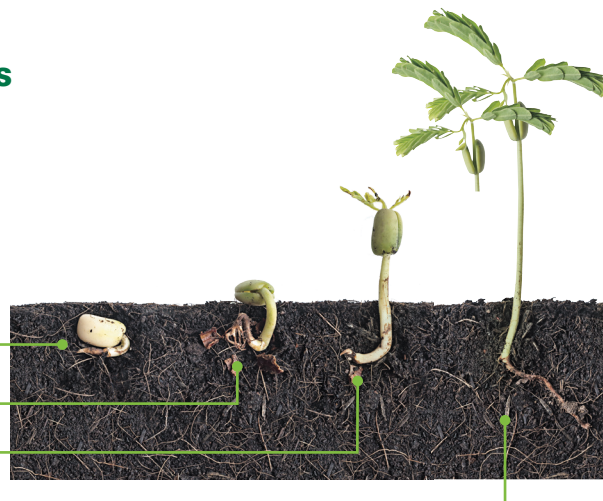

**Gives planted seedlings
a healthy head start
from the ground up.**

Improves nutrient absorption

Crops emerge faster

Stems grow stronger

Roots develop deeper

APSA-80™ Concentrated Adjuvant is a proven water management tool.

Our proprietary surfactant and adjuvant solution decreases the surface tension of water to help manage water in and on top of soil. It increases water flow upward, downward and sideways, creating uniform moisture availability in soil. Now you can control water for more effective and efficient irrigation, even in compacted soil.

AVAILABLE IN
275
GALLON
TOTES!®

APSA-80™ Concentrated Adjuvant*

- When used at a higher rate for Soil Amendment, APSA-80 has been proven to reduce soil compaction.
- Minimizes evaporation and runoff.
- Provides more uniform spread and coverage of spray herbicides, insecticides and fungicides.
- Acts as an activator to increase the activity of certain herbicides.
- Noncorrosive to protect metal pumps, tanks and equipment.

bu./acre increase

WINTER WHEAT
7.0

bu./acre increase

†Based on multi-year Irrigation Research Foundation study.

Golf and turf customers use APSA-80™ Adjuvant for Bermuda grass control:

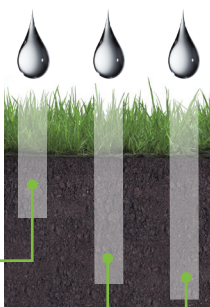

Improves water penetration.

Control: 0.92 in./hour

With APSA-80™ solution:

15 oz./acre 1.22 in./hour

30 oz./acre 1.23 in./hour

Increases root depth.

Control: 22.4 in.

With APSA-80™ solution:

15 oz./acre 29.0 in.

30 oz./acre 31.4 in. 4-year average

Catalog Ordering Footnotes

① Shipping surcharge of \$100 on 30 gallon barrels. \$650 on 275 Gallon totes. Additional items are subject to standard shipping charges. Shipped by truck; allow 2–6 weeks for delivery. Not available to all offshore locations, including Alaska, Hawaii, Guam, Puerto Rico, and the U.S. Virgin Islands.

For truck-shipped items, you may be asked to receive the merchandise at the rear of the truck, at which point the carrier's delivery obligation is complete. It may be necessary for you to assist or move merchandise from the back of the truck into your home or office. A request for inside delivery is an extra cost service payable by you. A daytime telephone number is required so the carrier can schedule your delivery appointment and confirm arrangements with you.

*Not for sale as soil amendment in Minnesota, California and Arkansas.

**Not available to all offshore locations, including Alaska, Hawaii, Guam, Puerto Rico and the U.S. Virgin Islands.

Cultivate stronger, healthier crops with Nutriplant™ AG.

Ensure crops grow and thrive through every life stage and condition with crucial nutrients when they need them most.

Nutriplant™ AG

This liquid foliar nutritional supplement is designed for use at specific stages of growth, when crops need the most support to help take in and use the nutrients they need.

- Increases resistance to stress
- Strengthens stems
- Produces higher yields and improved quality
- For use with a normal NPK fertilizer program

Grow stronger. Harvest more.

Modern farming is far from simple. We get that. It's a full-time grind, a mindset and consistently satisfying work to take pride in.

It's physical, technical and strategic beyond what most expect. It's a dedicated, nurturing craft. A natural calling. One that plays a vital role in the well-being of our people and planet.

That's why we're here to help – season after season – with holistic solutions that nourish and support stronger, healthier yields every step of the way – planting, growing and helping the crops thrive that feed everyday life.
